WHY SHOULD I SPONSOR A CHILD?

Sponsor a child as your monthly gift brings hope, education and the love for reading to your sponsored child and the community to help change their lives.

When you sponsor a child together with your family, you can also build a relationship with your sponsored child and your child's community through letters, videos, time, prayer, updates, encouragement, and more.

By sponsoring a child, you get to watch the impact of your donation on both that child and on his or her community.

Pledge as little as $50 per month

(for 6 months or 12 months)

Your sponsorship donation may be pooled with other sponsors to fund programs that benefit your sponsored child and their community.

I pledge to sponsor

Community Care Services

Touching hearts, building lives.

Help the disadvantaged amongst us out of their vulnerable circumstances, give them a leg up and see their lives transformed.

Support BCCS to touch hearts and build lives.

Bartley Community Care Services (BCCS) has been a charity serving the needy regardless of race or religion in Braddell Heights, MacPherson, and Serangoon area since the 1990s.

Having become an IPC (Institution of a Public Character) in 2012, BCCS has been refining and expanding its programmes and services to cover more areas of needs as they surfaced during the course of interaction with our beneficiaries.

Our services and programmes cater to pre-schoolers, school-going children, youths, parents and the elderly. Whether it is to provide a good foundation for formal education or tuition to cope in school, training for life and/or vocational skills, a helping hand out of difficult situations or simply being a friend, BCCS has been pursuing its mission with passion.*

To fund these programmes, BCCS depends on government's schemes as available and the support of generous donors and partners. We hope what we are doing resonates with your stand on social responsibility.

*For more details about BCCS' programmes and the organisation, please refer to our website, www.bccs.org.sg or our corporate brochure and/or our annual report available on request.

WHAT DO I GET AS A SPONSOR?

- Quarterly update on sponsored programme/ child/family
- Invitation to sit in on programme or meet the child/family
- Invitation to BCCS' events

Testimony from a CAPLE beneficiary:

My son Hadi Hazrul started his kindergarten only in K2. Like most parents, we were very worried if he is able to understand in class and ability to catch up with peers.

In CAPLE, my son was taught in a fun learning simplest way such as phonics which he needs to know to read well. He is also taught some hands on activities in Maths and I was also taught by teacher Deborah how to guide and teach my son when we are at home. There was also exciting learning field trips which we enjoyed very much and were always looking forward to go CAPLE every Saturday.

This is how CAPLE program has helped my son.
